introduction by richard carpenter the definitive biography of one of the most enduring and endeared recording artists in history the carpenters is told for the first time from the perspective of richard carpenter through more than 100 hours of exclusive interviews and some 200 photographs from richard s personal archive many never published after becoming multimillion selling grammy winning superstars with their 1970 breakthrough hit they long to be close to you richard and karen carpenter would win over millions of fans worldwide with a record breaking string of hits including we ve only just begun top of the world and yesterday once more by 1975 success was taking its toll years of jam packed work schedules including hundreds of concert engagements proved to be just too much for the carpenters to keep the hits coming and ultimately to keep the music playing at all however richard and karen never took their adoring public or each other for granted in carpenters the

musical legacy richard carpenter tells his story for the first time with candor heart and humor he sheds new light on the carpenters trials and triumphs work that remains the gold standard for melodic pop this beautifully illustrated definitive biography with exclusive interviews and never before seen photographs is a must have for any carpenters fan

written by a leading collector and dealer of collectibles based on the rock band kiss this comprehensive sourcebook contains extensive listings and prices for highly desirable kiss merchandise from around the world 400 photos 8 page full color insert

in its 114th year billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

we love to be entertained and today s technology makes that easier than ever listen to tunes while working out no problem watch a movie on your cell phone can do get 450 channels of digital entertainment bounced off a satellite and into your vehicle even while traveling through empty wastelands simple but behind these experiences is a complex industry dominated by a handful of global media conglomerates whose executives exert considerable influence over the artists and projects they bankroll the processes by which products are developed and the methods they use to promote and distribute entertainment as this set shows the industries in which commerce art and technology intersect are among the most fascinating in all of business entertainment is a high stakes industry where stars are born and flame out in the blink of an eye where multimillion dollar deals are made on a daily basis and where cultural mores for better or worse are shaped and reinforced the business of entertainment lifts the curtain to show the machinery and sleight of hand behind the films tv shows music and radio programs we can t live without the business of entertainment comprises three volumes covering movies popular music and television but it s not all about stars and glitter it s as much about the nuts and bolts of daily life in the industry including the challenges of digitizing content globalization promoting stars and shows protecting intellectual property developing talent employing the latest technology and getting projects done on time and within budget challenges don t end there there s also advertising and product placement the power of reviews and reviewers the cancerous spread of piracy the battles between cable and satellite operators and the threat to both from telephone companies the backlash to promoting gangsta lifestyles and more each chapter is written by an authority in the field from noted scholars to entertainment industry professionals to critics to screenwriters to lawyers the result is a fascinating mosaic with each chapter a gem that provides insight into the industry that

hands down generates more conversations on a daily basis than any other

with the resurgence of vinyl going from strength to strength album cover art is as important as it's ever been this sumptuous book brings together 250 of the greatest album covers of all time and is arranged chronologically beginning in 1956 our judging panel drawn from the great and the good of the music industry has selected the final 275 entries giving their reasons for selection to accompany the illustrations from rock n roll to pop r b to jazz blues and even folk some of the album covers included are obvious classics while others will surprise readers and jog memories the chosen entries might not necessarily be of a best selling release but they are important artistically stylistically or culturally this fascinating book forms a wonderful visual record of this popular art form and is an essential read for music fans the world over

let's face it without the larger than life character and imagination of the art that complements it metal just wouldn't have had the same impact from the colorful outlandish yet sophisticated use of visuals for album artwork and posters to the immediately recognizable logos of such bands as black sabbath iron maiden judas priest motörhead metallica slayer and a host of others across many subgenres there's a close knit relationship between the riffs that thunder from the guitar and the images that have come to represent the songs anthems and sheer nature of the beast does any other form of music immediately conjure up such evocative and distinctive images as the mere mention of the term heavy metal does the answer is simple no from its inception in the 1960s through to today's giants the art has been closely connected to the music every classic album brings to mind a readily identifiable album cover each great band has an immediately identifiable logo all of the landmark gigs have a poster that quintessentially depicts the time place and passion of the event it's all developed so far along the road that today the art that has been used to illustrate the music now stands on its own there are exhibitions of the finest examples created by the truly outstanding artists these works are collectible in their own right what might have begun as a way of packaging metal has taken on a life of its own moreover it's even possible to trace the way the genre itself has evolved and changed by looking at its art this book explores the ways in which the art has helped define each of the crucial subgenres that make up the multifaceted and colorful centipede that is metal

ever wake up one day to see part of your body look out of the ordinary unusual swelling and discolored followed by tremendous chest pain that makes sleep impossible a pain that ranks as a number ten on the pain scale you have both a deep vein thrombosis and a pulmonary embolism two blood clots my whole life changed welcome to my story what once was a thriving

life changed in a matter of years lost two jobs unable to find the right doctors to treat me the lack of interest to do more to help find answers the shame and the depression they caused how close i was to giving up to move forward while ignoring my body i no longer cared after five long years life changed all i needed was a push in the right direction finding the right person to trust and provide guidance to find the answers her guidance helped me with a change in doctors new doctors who were looking out for my best interests providing the answers for what ails me answers that would help me understand my health issues and how to move forward i was diagnosed with both antiphospholipid syndrome and lupus autoimmune disease i had no clue what they were or meant 90 who have both antiphospholipid syndrome and lupus are usually women i m amongst the 10 percenters men living with both aps and lupus my book details when my life was changing for the better and eventually the worst the challenges i continue to live with and how i live with those my outlets that guide me through the tough times and appreciating what life has to offer instead of living in the past

2021 marks the 50th anniversary of the release of the first electric light orchestra album the elo story is one of continued success for over 50 years from inauspicious beginnings in 1971 where live audiences barely reached double figures elo would become one of the most popular bands in the world by the end of the decade thanks largely to the songwriting and production talents of jeff lynne there were hits such as evil woman mr blue sky and don t bring me down multi platinum albums like out of the blue and discovery and of course their spectacular stage shows although elo finally called it a day in 1986 they re emerged in 2014 as jeff lynne s elo playing a triumphant comeback concert at london s hyde park since then they haven t looked back releasing further albums to critical and public acclaim culminating in elo s biggest ever live show at wembley stadium and 2019 s chart topping album from out of nowhere as well as examining all of elo s recorded catalogue the author has spoken to many people who have been involved with the band over the decades uncovering along the way previously unseen photographs and new information about the group and their recordings making this one of the most comprehensive guides to elo ever published barry delve is an author and artist he is acknowledged as the foremost elo expert in the chilterns if not the whole of south buckinghamshire he is married and has managed to hold down a job as a graphic designer for most of his working life he lives in buckinghamshire uk
